

## REMARKS

In response to the Examiner's objections to the previously submitted Supplemental Declaration, applicants are submitting a newly executed Supplemental Declaration. Since the executed Supplemental Declaration printed out and signed by the inventors is light in print, a darker unsigned copy is attached.

Applicants submit that upon entering the Supplemental Declaration in the file wrapper, the application now will be in condition for allowance.

An earnest endeavor has been made to place this applicant in condition for allowance and an early and favorable action to that end is requested.

Respectfully submitted,
